

Y5 Science – Animals including humans

Main plot-

Targets to be covered:

- describe the changes as humans develop to old age.

Learning Ladders:

I can describe how humans grow and develop as they age.

I can identify the changes to male and female bodies as they reach puberty.

I can research and use evidence to describe the different gestation periods of various animals.

I can find out and record how the length and mass of a baby changes over time.

Working Scientifically

Week	Order of Study – Main plots and Subplots
